American Numismatic Society,
Broadway & 156th St.,
New York City.

Dear Sirs:-

May we have a copy of Belden's "Medals & publications of the American numismatic society".

How should I proceed to identify a coin or medal which we have. Have you a department to whom we may send it.

Thanking you, I remain,

Yours very truly,

Sarah A Noble
Librarian.

Attention - Miss Sarah A. Nobley, Librarian

My dear Madam:

In response to your note of June 21st, I am sending a copy of the pamphlet you desire, under separate cover.

Concerning the medal of which you speak, if you will take a thin piece of paper and lightly rub a soft pencil across the surface of the medal, unless it is in too high relief, enough of the design will be indicated to enable us to identify it. You might send it to us if the results you obtain in this fashion do not seem sufficiently satisfactory. We shall be glad to give you such information as we may have about it.

Very respectfully yours,

Secretary
